High Point Mills, Manufacturer of TURF LINE Products

Turf Line Products are manufactured by High Point Mills, a privately owned company located in Henrietta, New York. Founded in 1956 the company initially served Upstate New York customers. Today, Turf Line products are sold throughout New York State and Pennsylvania and are specially formulated for soil conditions in those areas. Most Turf Line fertilizers are NPK fortified, providing essential nutrients for exceptional results. Turf Line's Premium, All Season Lawn Care Program is one of the best on the market, surpassing the performance of other lawn care programs. High Point Mills manufactures a variety of lawn, garden and commercial fertilizers and grub killers. For over 60 years, the Turf Line trademark has been the mark of excellence and is your assurance of high quality fertilizers and lawn care products.

The next time you buy fertilizer, we urge you to take the time and compare other lawn care products to TURF LINE. You will find TURF LINE by far, to be the best fertilizer for your lawn and the best value for your money.

Try Our New Professional-Grade Grass Seed

Turf Line Professional Grass Seed is available in Sunny, Sun & Shade and Shady mix. Uses Improved seed varieties for a draught and insect resistant lawn.
