[PRINT-FRIENDLY VERSION](#)

High Organic Fertilizer

WHEN TO USE:
Spring Through Fall

Thickens and greens the lawn. High Organic 10-6-4 formulation stimulates vigorous root growth, grass plant multiplication, and deep green color making it ideal for new grass. Its exclusive plant food analysis enables turf to better resist and recover from problems such as insects, disease and drought. Turf Line 10-6-4 is a natural high-organic, time-release fertilizer. It will not burn or cause damaging "nitrogen stress" as will some high-analysis, quick-release formulations.

Available in 5,000 Square Foot Bags

Provides
Essential
Nutrients

10-6-4

High Organic,
Time-Release
Nitrogen
